

Wall house

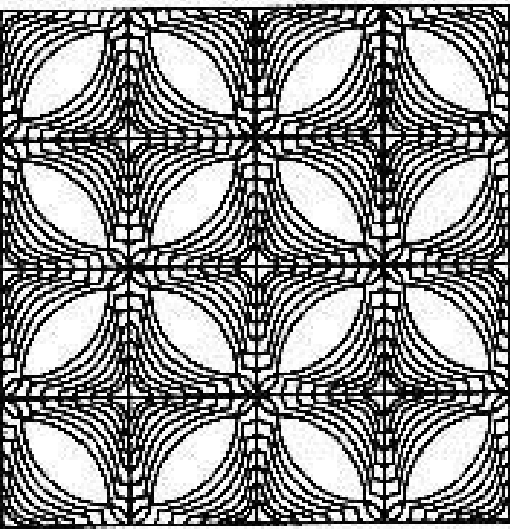

A home is defined by the stories dwellers compose in it. Stories of what they aspire to achieve and hopes for the future. The Basotho dwelling is a story being told and only walls can tell. Where walls have stood as barriers, here they stand to show prayers to gods, status, celebration of new life, stories that only bring people together for the greater good. Let us celebrate the wall.

WALL HOUSE
CONCEPT

BASOTHO DWELLING

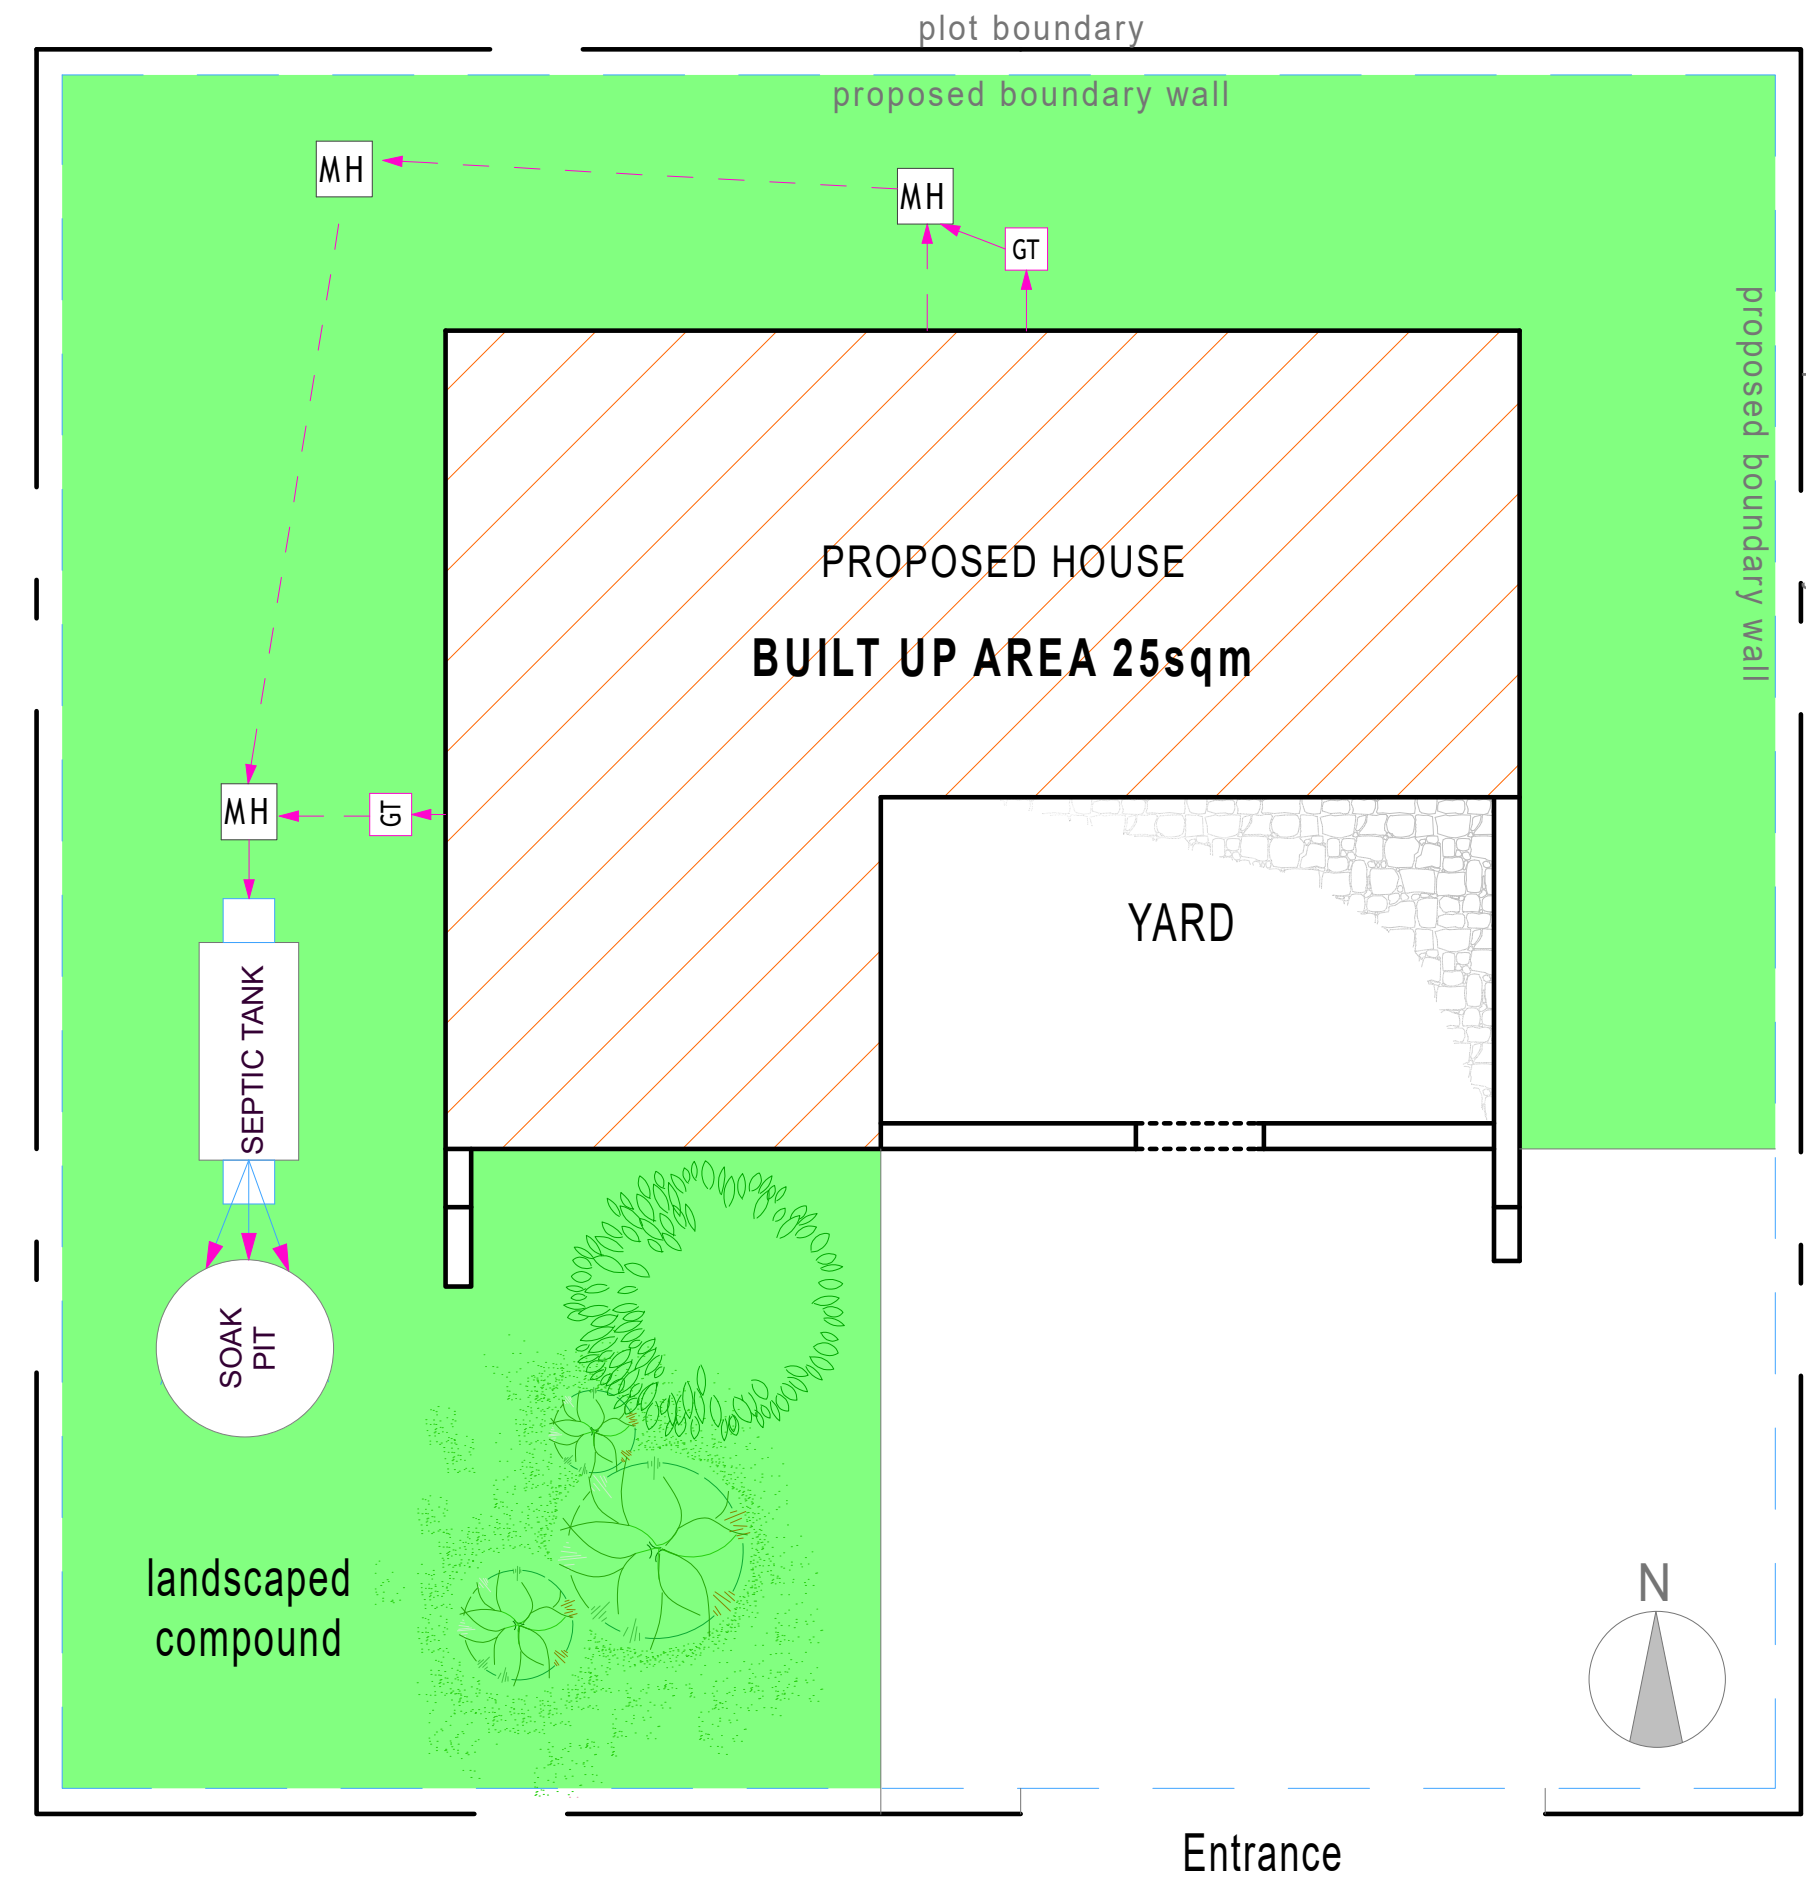

STORIES ON WALLS

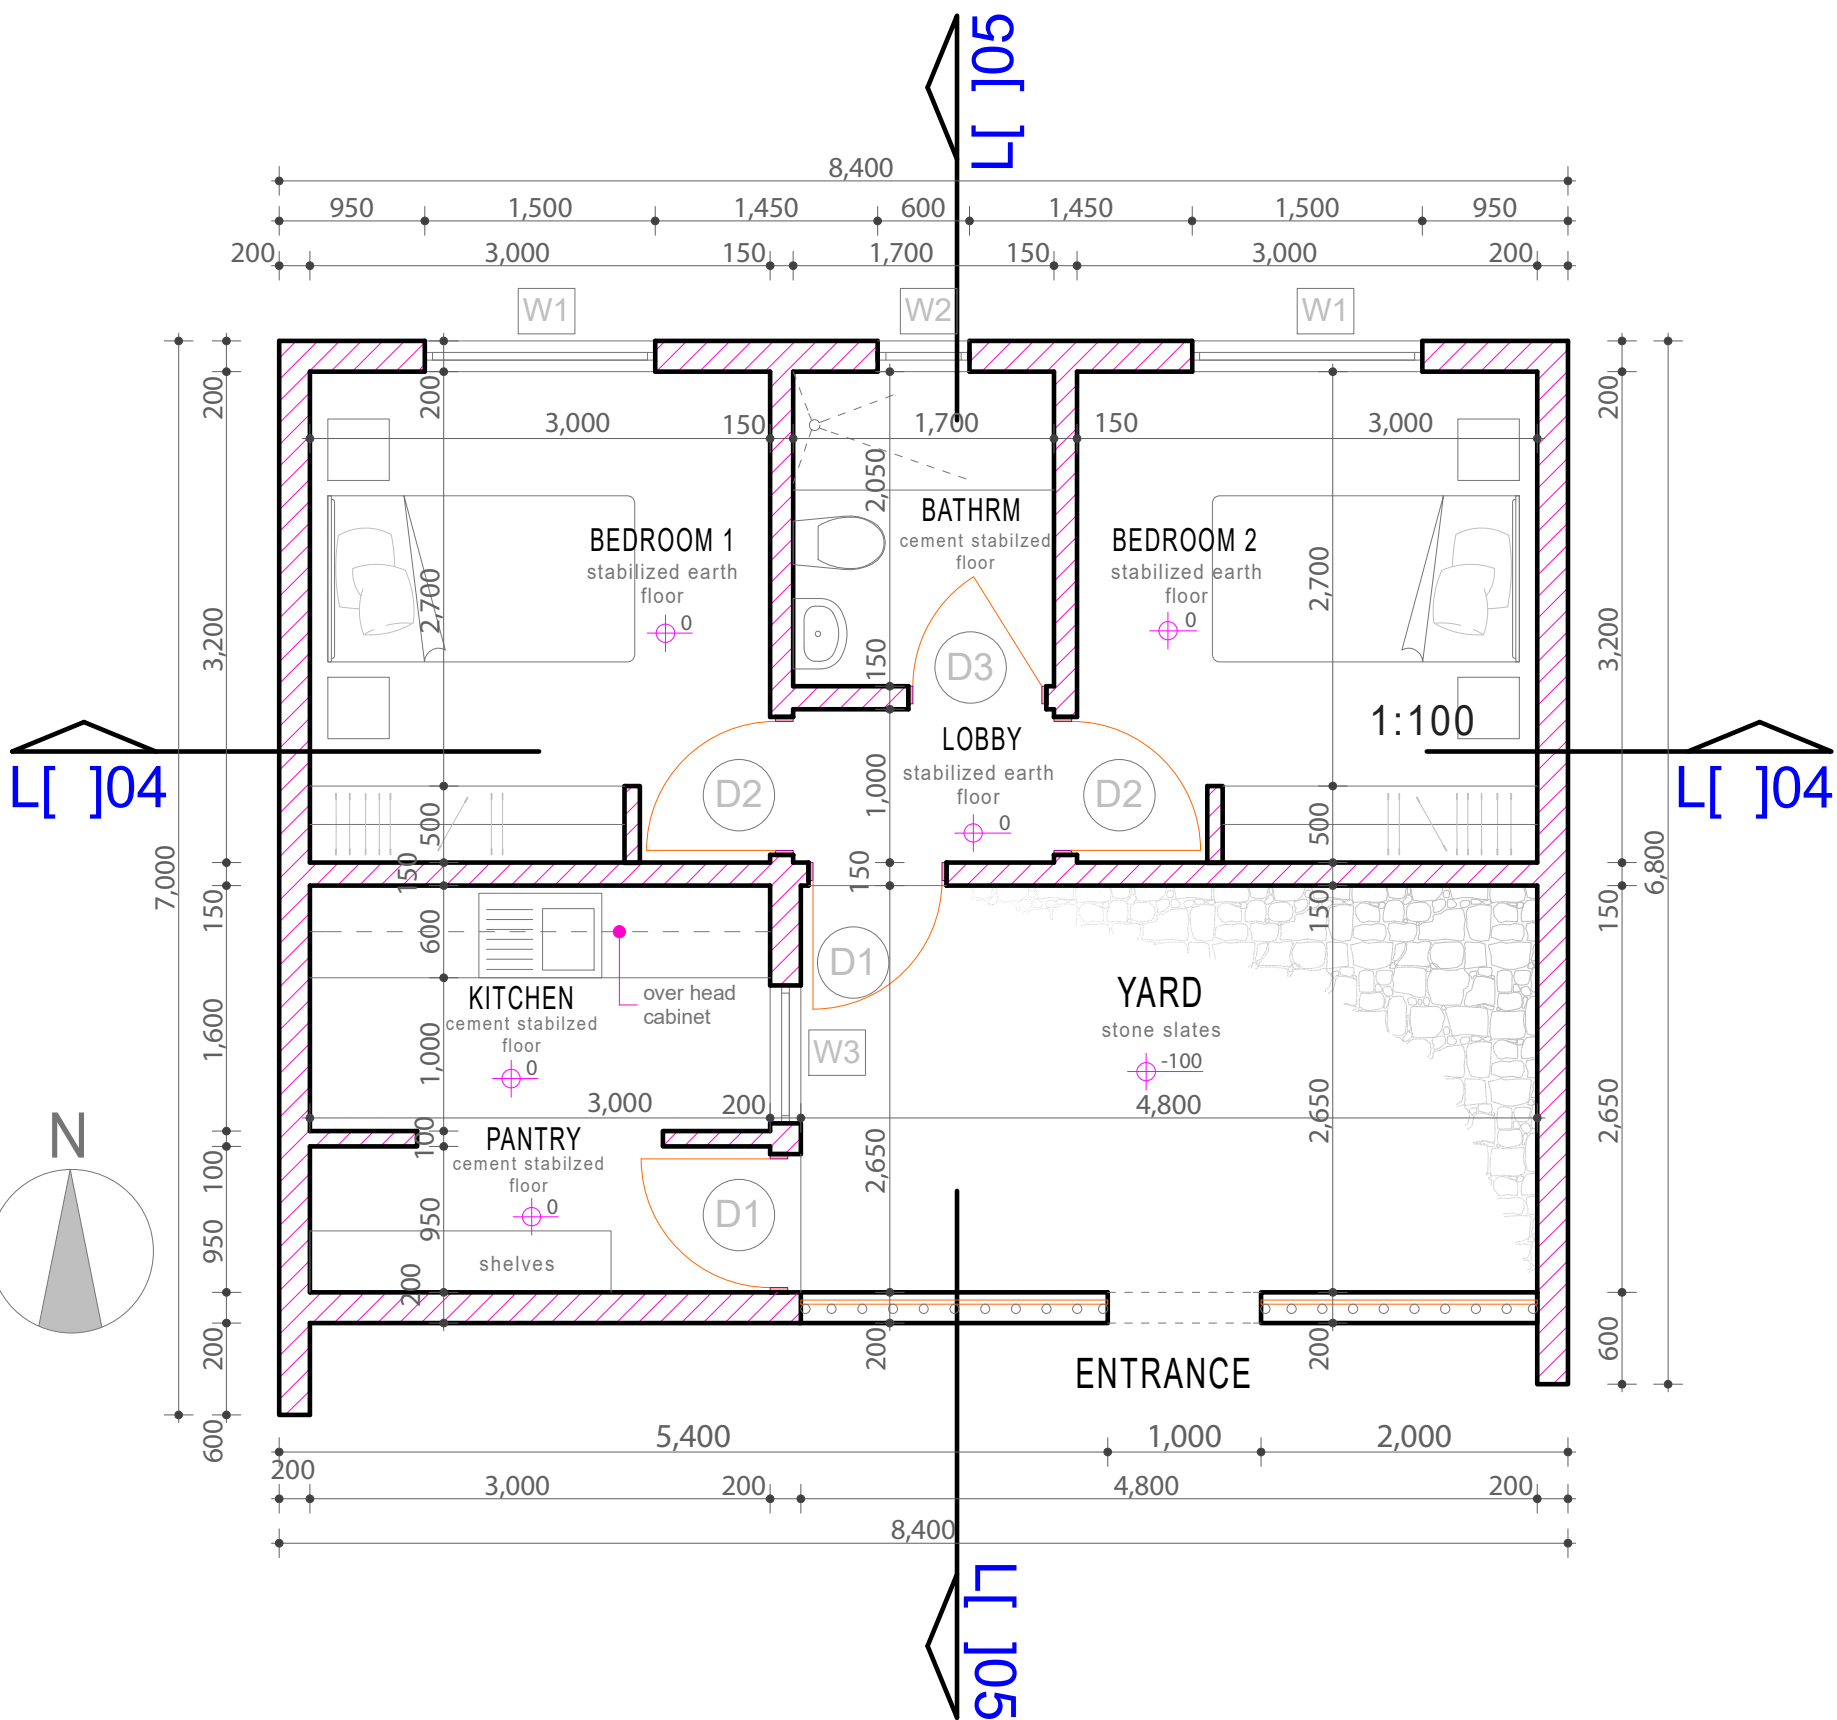

MAIN CONSIDERATIONS
-WALL AS TH MAIN FEATURE OF THE DWELLING
IN TERMS OF SCALE, MATERIAL FINISH, AND FORM

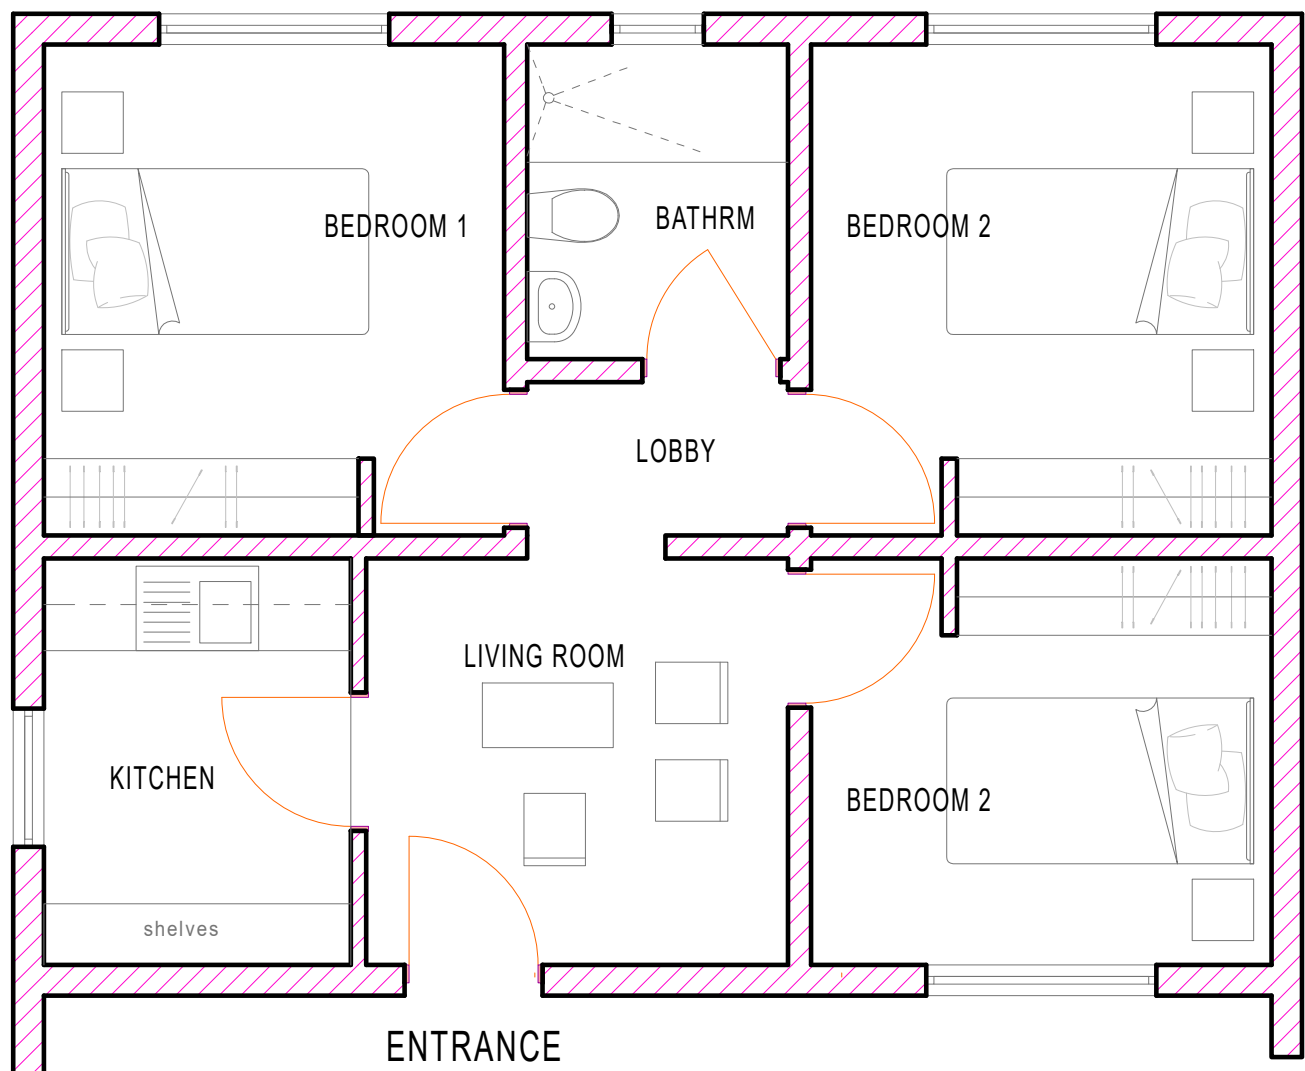

REALISTIC IMPRESSIONS
